SERVICES

OFFERED:

HP Designjet
Z3200ps Photo

FINE ART REPROGRAPHICS (*Gicle'e*)

Building on a refined Digital Art process, commonly known as "*Gicle'e*" printing, we now utilize a more sophisticated proprietary method to reproduce superb prints of **Paintings, Drawings, or Sculptures** onto a variety of printing surfaces. Our featured HP Designjet Z3200ps is a superior 44" wide format inkjet printer that utilizes 12 separate ink cartridges and 6 print heads; which consist of 228 nozzles per head; to achieve amazing details and phenomenally accurate colors for exquisite quality archival prints*

**We only use genuine HP Viverna™ pigment ink on our Gicle'e; a premium ink rated to last 200+ years.*

Color Matching: We have perfected a unique HDR Imaging technique to achieve amazing results. Our unparalleled reprographic process has propelled us into previously unreachable color dimensions that are well beyond the confines of the digital color spectrum; providing fascinating vibrancy, while preserving subtleties and details within a *Gicle'e*.

Print Mediums: We offer the Canson Infinity Digital Media line; which utilizes pure materials, without optical brightening agents, in order to provide you with archival, age-resistant prints. This extensive line is in addition to a variety of many other** brands and selections of fine art printing material (HP, Strathmore, Fabriano, Windsor Newton, etc.)

** Free estimates on all available options.
